We purchased COOL COLA when he was a two year old from Lorrie Sheffield, Farnam, NE along with several of her mares. Cola has sired 58 registered progeny for us and he has made some really fine horses. We think he improves on most any mare in disposition, speed and power. He puts a really big hind quarter in his progeny. The progeny are easy to start and walk out fast. His dam HOMESPUN BUNY died this year but was one beautiful girl, thick made and a pretty face. She was formally a rope horse bred by Janel Finney, Seneca, NE. I did not get a chance to get a good photo of him as he is still out with the mares.
